

Mastering Minimally Invasive Smile Design

A Two-Day Hands-On Course

14
CE CREDITS

COURSE DATES

December 2 & 3 - Toronto, ON
To be announced - Vancouver, BC
Speaker: Dr. Michael Schneider

Learn how to deliver patient-approved smile makeovers!

- Discover the new Additive-Reductive Template (A.R.T.) protocol that minimizes chair time, enables the most conservative preparation, and delivers the best esthetic outcome for a predictable patient-approved design.
- Develop an understanding as to how strategic tooth reduction combined with minimal tooth contouring makes complex and combination cases simple.
- Describe various veneer case types and experience engaging and unique hands-on training.
- Learn both clinical and esthetic business implementation all in one course.
- Learn to communicate with the lab to tackle challenging alignment, asymmetrical arch forms and many other complex cases.

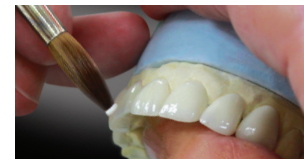

Method: Lecture/Participation

Complex Cases Made Simple
Templates expose where and how much to contour

Patient Approved Provisionals
A clear matrix allows for a true smile preview

You're In Control
Provide feedback and approve at every step

ADA C.E.R.P.[®] | Continuing Education Recognition Program

DenMat Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. DenMat designates this activity for 14 continuing education credits.

DenMat Education is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 8/1/20-7/30/24. AGD Provider #218048
